

CUSTOMER SUCCESS STORY

Aument Capital Enhances Efficiency by Tenfold with Titan!

Meet our Customer: Aument Capital

Aument Capital Partners is a tech-powered wealth management company based in Singapore. As a multi-family office, they cater to the needs of entrepreneurs. They operate first as a wealth management company and second, as a tech-forward organization, bringing a tech mindset to investments to create tailored deal flows for clients.

Aument Capital Searches for a Signing Tool

While Aument Capital is ahead of the pack, they have experienced some pain points in streamlining their Salesforce. They faced a challenge looking for a signing solution to integrate with Salesforce and needed a tool that plugged directly into their CRM, gave them full customization, and saved their team time. Aument Capital struggled to find a tool for their budget that enabled them to create solutions to suit their use cases.
